

DINESH SHAHADEV JADHAV

React Developer | Frontend Engineer

Pune, India | +91 7774957853 | jadhav.dinesh.ds@gmail.com | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

React.js Developer with 3+ years of experience building scalable, high-performance web applications. Proficient in JavaScript (ES6+), React Hooks, component-based architecture, state management, REST API integration, and responsive UI development. Proven ability to optimize UI performance, build reusable component libraries, and deliver production-ready applications in fast-paced Agile environments.

TECHNICAL SKILLS

Frontend:	React.js, JavaScript (ES6+), jQuery, HTML5, CSS3, Tailwind CSS, Bootstrap
React Ecosystem:	React Hooks, Functional Components, Context API, State Management, Virtual DOM
Web Concepts:	Responsive Design, REST API Integration, SPA Development, Performance Optimization, Cross-Browser Compatibility
Tools & IDEs:	Git, GitHub, VS Code, Chrome DevTools, GitHub Copilot
AI Tools:	GitHub Copilot, Claude, ChatGPT
Other:	Siebel CRM, Oracle SQL Developer
OS:	Linux, Windows

PROFESSIONAL EXPERIENCE

Software Engineer | LTIMindtree Pvt Ltd

Jul 2022 – Present

- Developed 20+ reusable React components, improving overall UI performance by approximately 30% across production applications.
- Built scalable front-end modules using React Hooks and modern ES6+ JavaScript, following component-based architecture best practices.
- Integrated RESTful APIs for dynamic data rendering and asynchronous data operations, ensuring reliable and responsive user experiences.
- Collaborated with UI/UX designers and backend engineers in Agile/Scrum teams to deliver cross-browser compatible, production-ready UI features.
- Leveraged AI-powered tools such as GitHub Copilot to accelerate development workflows, reduce repetitive coding tasks, and improve team delivery efficiency.

Web Developer Intern | Scrobites Technologies

Dec 2021 – Jun 2022

- Developed responsive user interfaces using React.js and modern JavaScript for client-facing web applications.
- Created a library of reusable UI components, improving development consistency and reducing time-to-delivery for new features.

KEY PROJECTS

MCA Corporate Compliance Portal

Tech Stack: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap | **Role:** React Developer | **Client:** Ministry of Corporate Affairs, Govt. of India

- Developed a web-based compliance filing portal enabling corporate users to submit statutory forms online, validate entries, and monitor submission status — reducing manual paperwork significantly.
- Built 10+ dynamic, reusable React.js form components with robust client-side validation and real-time error handling, improving form completion efficiency and reducing user errors.
- Implemented responsive UI layouts using Bootstrap and CSS3 ensuring cross-browser compatibility across Chrome, Firefox, and Edge.
- Participated in Agile/Scrum ceremonies including sprint planning, daily standups, and sprint reviews; delivered user stories consistently within sprint timelines.
- Performed dev testing and provided post-production support, ensuring stable and reliable application performance in production environment.

Profile Sketch – Career Assessment Platform

Tech Stack: React.js, JavaScript (ES6+), MUI (Material UI), HTML5, CSS3 | **Role:** Frontend Developer

- Developed a career-oriented SPA (Single Page Application) enabling students and professionals to build, showcase, and manage digital resumes and career profiles interactively.
- Built reusable, modular React.js components using Material UI (MUI) for profile creation, achievement upload, and opportunity discovery features, improving UI consistency across the platform.
- Implemented dynamic rendering and conditional UI flows with React Hooks and component-level state management, delivering a seamless and responsive user experience.
- Collaborated with backend team to integrate REST APIs for real-time profile data fetching and updates; supported UAT and post-production phases ensuring smooth deployment.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 – AI Foundation Associate
- FreeCodeCamp: Responsive Web Design
- FreeCodeCamp: Front End Development Libraries
- FreeCodeCamp: JavaScript Algorithms & Data Structures

EDUCATION

B.E. – Electronics & Telecommunication | **JSPM Narhe Technical Campus, Pune**

CGPA: 7.89
